Sheriff's Race Only Primary Contests

Withdrawal Cuts Demo Field to Two; District Bids Still Opposed

Madison county's earlier five-way bid for the Democratic sheriff's nomination in the March 17 primary election dwindled to a two-way contest today following the withdrawal of three of five candidates who had announced their candidacies for the post.

Filing withdrawal papers before the expiration of the candidate's withdrawal period at noon Saturday were Barney Fraundt of Madison, Harold "Cotton" Roberts of Alton and Edward Voumard, assistant township supervisor of Alton.

Still in the race as both parties began preparing party campaign plans today were John Maeras of Madison, incumbent county treasurer who will seek the Democratic sheriff's nomination with the blessing of the county organization, and James Estes, highway commissioner of Chouteau township. Estes, a full-time deputy sheriff, is expected to take a leave of absence from that job to make the campaign.

In GOP Race

Both candidates remained in the Republican sheriff's race — Louis F. Bowman, who is supported by the county Republican organization, and Lester M. Vierling, a former deputy sheriff of Nameooki township.

Opposition for the sheriff nominations on both tickets will make up the only contests in either major party ballot at the county level. All other candidates for county offices are scheduled to election next year are without opposition.

On the Democratic ticket, incumbent county clerk, is seeking re-election.

Leonard Hopkins, Venice 57, Dies; Head Of S&L Board

Leonard S. Hopkins, 57, chairman of the board of directors at First Granite City Savings & Loan, died about 4:40 p.m. Thursday at his home at 300 Valley drive, Rosewood Heights, East Alton.

Mr. Hopkins, a native Granite Cityan, had been ill with a heart ailment for the past five years. He was at his office until about 2 p.m. Thursday when he went home. He customarily took an afternoon nap. He was found dead in bed by his wife, Mary, and his son, Thomas, 12, who was home from school, 13, with him.

A graduate of the University of Illinois in 1932, Mr. Hopkins obtained his law degree from the University of Illinois in 1932.

He was a member of the First United Presbyterian Church here and taught a Sunday school class. Mr. Hopkins also was the government appeal agent for the Madison county selective service office and a member of the national, state and county Bar Associations.

He and his family moved to Rosewood Heights from here 15 years ago.

Survivors include his wife, Mrs. Mary Hopkins; two sons, Sp4 David Hopkins, 20, an Army medical aid man in Vietnam who recently was awarded a commendation medal for heroism in action; and Thomas Hopkins, at home; a daughter, Mrs. William (Ann) Elder, of Roseville, Minn.; a sister, Mrs. E. (Frances Louise) Statton of Granite City; an aunt, Miss Gertrude Thomas of Granite City; and a four-month-old grandson, William Elder.

Sp4 Hopkins arrived home Sunday on emergency leave. He had been scheduled to return home this month, but the leave was canceled.

Services were conducted this morning at the First United Presbyterian Church. Further information is given in today's obituary column.

Pilfer Zimring Truck

Thieves broke into the yards of Zimring Distributing Co. at Maeras Industrial Park in Madison, broke a window out of a delivery truck and stole 12 cans of soda by reaching through the broken window and obtaining the cans one by one, Madison police reported at 11:50 p.m. Saturday. A latch on a gate was pried loose to gain entry into the parking area, officers said.

Pazia's assignment will take effect Jan. 5. He will succeed Barney Fraundt, who resigned recently and now is a candidate for nomination to the office of county sheriff.

A letter of resignation is to be submitted by Pazia to the Madison city council at its meeting Tuesday night. James, who resides at 109 Weaver street, Venice, will fill the position vacated by Don J. Purkale, who has accepted a position as assistant superintendent of schools of the Wood River elementary district.

Venice Ok's Bill On Fair Housing

Gets Up Penalty for Discrimination in Sales or Rental

A Fair Housing Practice Act designed to prevent discrimination against any person in the sale, financing, leasing or renting of residential property in any part of the city was adopted by the Venice city council in regular meeting Friday night.

The action followed a request two weeks ago by a delegation of North Venice residents for adoption of such an ordinance as one of a series of demands to improve conditions among many black residents of Venice.

The ordinance was passed unanimously by the council's eight aldermen, four of whom are Negro, without discussion or comment. It is to become effective ten days after publication of the bill.

Specifically, the ordinance sets out as illegal and in violation of the law "any distinction, discrimination or restriction against any person with regard to price, terms or conditions or privileges relating to the sale of rental, lease, occupancy or financing of any real property used for residential purposes in the city of Venice, or in the furnishing of any facility or service in connection therewith which may be predicated upon race, color, religion, national origin or ancestry of the actual or prospective buyer or tenant."

Refusal to Sell Illegal

Terms of the bill make it illegal to refuse "to sell, lease or rent any real estate for race, color, religion, national origin or ancestry of the actual or prospective buyer or tenant."

New Way Reported To Flee Crash Scene

More strands of lights were added to the Salvation Army "Tree of Lights" in Memorial Park on Saturday.

The drive for \$7000 went over its goal to reach \$9075.

And, it's lucky the goal was topped. Capt. Harold Thomas pointed out Saturday morning, "The bills now total \$9800, and there are a few outstanding."

In addition to providing the 48 Christmas baskets requested by needy families of the Quad-Cities, the Tree of Lights' campaign headed by Mrs. Lily Chaboude, also has furnished articles of clothing and shoes for 480 youngsters, and Christmas toys gifts will be given to 800 children of grade school age.

Two large contributions were received late last week. A total of \$1567 was given by the Employees Club of the First Granite City National Bank and the bank itself. In a ceremony Friday morning, the check pre-

Mrs. Lottie Lynn, the youngsters' grandmother, at right, holds Inez Faye, 14 months old, while in the background are Jack Jachino and Arthur Roseman, Optimist tree sales co-chairmen. Children from left are—Millie, 11, Alan, ten, Timothy, four, and twins, Dawn and Diane, 2½ years.

Bright Christmas in Prospect for Wellys

By Valerie Evenenden

All the gifts in the world cannot lessen the loss of a father and mother within the short space of 18 months, or replace their absence.

Thanks to the generosity of many area residents, however, the home of Mrs. Lottie Lynn, 2013 Fourth street, Madison, died of injuries following a head-on auto accident near Perryville, Mo.

The family had moved from Madison to Perryville after the death of her father, Glen Welly, died of lung cancer at John Cochran Veteran's Hospital, St. Louis, about 15 months earlier.

Home is "Bulging"

A visit to the Lynn home last week found the six-room frame house literally bulging at the seams with extra beds, chairs and other necessities for every day living.

The children, mostly blonde or red-haired sprites with bright blue eyes, are sturdy and healthy looking, with "good appetites," according to their grandmother.

With five young children under the age of five years, Mrs. Lynn's conversation is constantly diverted from one to the other as each clamors for her undivided attention.

The dwelling has two rooms upstairs which presently are occupied by the oldest child, a daughter, Mrs. Terry Kay Greathouse and her husband, Paul, who are staying here temporarily to assist Mrs. Lynn.

8 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

A local campaign in point involves seven persons arrested in a narcotics raid last February. The charges have yet to be presented to a grand jury as police authorities here are still awaiting reports of laboratory tests of drugs found in the raid.

Depressants include the barbiturates and tranquilizers to which the common symptoms of drunkenness, but there is no odor of alcohol unless both have been taken. A small amount of the drug makes a person believe he is relaxed, sociable and good-humored.

The drug makes him less alert and more susceptible to suggestion. It is more dangerous than withdrawal from the opiates.

Quad-Cities Mental Health Board Resigns

Refuses to Meet 708 Board's Demand to Fire Clinic Director

The Quad-City Mental Health Board, pressed by the adamant demand of the 708 Madison county board for the resignation or dismissal of Jerry Staten, director of the Quad-Cities Mental Health Center, resigned en masse Thursday night.

The action climaxed a meeting of nearly three hours in which 14 of the board's 19 members adhered to the first few items of a prepared agenda, then voted to exclude all non-members from the meeting for a general discussion of the crisis created by the 708 board's ultimatum.

Harold Thomas, president of the Quad-City Mental Health Society board, said following the meeting that board members attending Thursday night's session voted not only to resign, but agreed to transfer all physical assets, obligations to personnel and functions of the Quad-City Mental Health Center at 204 State street to the 708 county board.

The resignations and conveyance of the clinic facilities to the county board are to be effective Jan. 15.

Operation Would End

Staten rescinded after the meeting, said that if the resignations and conveyance of facilities to the 708 board becomes effective Jan. 15, "that means that this center ceases to function as of that date."

"So far as I am concerned," Staten said, "when your boss goes out of business that means you are out of a job."

The director said that he and the 16 members of his staff would consider their jobs ended when the local board resignation became effective.

Staten charged the dispute over his position was created by the county 708 board to permit a "physical take over" of the Quad-Cities clinic so that the positions can become political pawns.

On Friday the local board directed copies of a letter announcing the board's action to all seven members of the 708 county community board.

The letter said:

"The request of the 708 Madison County Community Health Board to discharge Jerry Staten as director is denied because this board has complete confidence in his ability."

"However, because of the dispute which has arisen and the consequent public interest that is hereby involved, the Quad-Cities Center board of directors is hereby directed to resign as of Jan. 15, 1970, and does hereby transfer all functions, obligations to personnel, and physical assets to the 708 board as of Jan. 15, 1970."

At the same time, Thomas explained, letters relating to the local board's action also were sent to the other members of the Quad-Cities board who did not attend Thursday night's meeting, requesting them to concur in the resignation action.

Thomas pointed out that the decision to dissolve the local board was voted by a majority of board members.

Those who chose to resign rather than give in to the county board's demand that Staten be dismissed did so because they saw no other solution of the problem, Thomas explained.

No Apparent Reason

"I don't know the reason of firing a man from his job when there was no apparent reason for him to be fired," Staten said.

Pickup in Business Expected at GSI

Business from railroad is expected to pick up in 1970 at the Commonwealth Division plant of General Steel Industries, it was reported today by a company official.

The molding department has worked one four-day week this month, but there are no plans for a four-day week plant-wide as industrial business is continuing. The cutback is in the railroad underframe production, the spokesman said.

For the holidays, the plant will not be in operation on two Fridays. Employment at the local plant has dropped from a peak earlier this year of 2000 employees to about 1700 workers in all departments. The layoffs began in September.

Forgery Charges Filed Against 3 in Madison

Three persons were arrested by Madison police at 1:10 a.m. Saturday on forgery charges. They were filed against them by the Madison county sheriff's office after one of them, James Lee Siglar, 25, of Canton, attempted to cash a forged check at Newman's Liquor store, South street and Madison avenue.

Also charged were Thomas J. Dalton, 44, of East St. Louis, and Delores Elaine Byars, 31, of 210 Broadway, Venice. The check for \$157.59 was made out to Siglar and contained the signature of Samuel M. Roush. Sam Roush, owner of the Venice liquor store, is a partner in Holiday Mobile Home Parks of America Inc. where checkbooks, a check protector and other items were stolen several months ago.

The county sheriff's office said some of the checks had been cashed recently in various parts of the county.

After Siglar and the Byars woman asked for liquor and presented the check from the Holiday Mobile Home Parks, Mrs. Edna Newman, proprietor, called police. Dalton was arrested in a pickup truck outside the store where he was waiting for the couple. Siglar and the Byars woman in a tavern and Siglar told him he had a check to cash and wanted to buy some liquor. Dalton said he accompanied them to the store.

Miss Marilyn Weckman and Gary Wilbur Wed Saturday

Rev. Hugh Cassidy officiated at the late afternoon ceremony Saturday at St. Margaret Mary Catholic Church which united in marriage Miss Marilyn Weckman and Gary A. Wilbur.

The bride is a daughter of Mr. and Mrs. William R. Weckman, 2048 Wayne avenue. Mr. Wilbur's parents are Ronald Wilbur, 2617 Iowa street, and Mrs. Gladys Wilbur, also of Granite City.

Warriors Score Easy Win over EHS Tigers

The Warriors scored an easy victory Friday night at Edwardsville. Granite City Coach Don Deterding began second half play with substitutions before halftime and his team's victory gap was 55-45.

Dave Melzer broke open the scoring with a field goal and Granite City led throughout the game's final minutes to bolster the dwindling lead.

The opening quarter, the Warriors didn't dominate play. Instead, they appeared to be running out the clock. Or rather passing out the clock, as they did little dribbling and tossed the ball among themselves.

Coach Deterding commented,

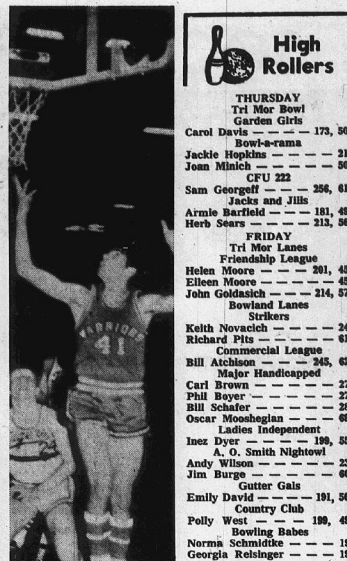

"For the first ball games, we were tough. Then, we forced stop sign violation tickets at 3:45 p.m. Thursday at Pontoon road and Stearns avenue.

Explaining the passing strategy, which proved to be workable, he said, "We think the ball can move faster than the man. At least against a zone defense."

Jeff Boyles sank 17 points, Dave Melzer 12, Steve Harris 9, Tim Moore 7, Mike DeKuntz 6 and Tim Schwendeman 4.

Stop Sign Charge Filed

Thomas R. Bosley Jr., 2578 Boyle avenue, was issued a stop sign violation ticket at 3:45 p.m. Thursday at Pontoon road and Stearns avenue.

HOW'S THAT? Tim Schwendeman seems to be saying with his hands as he succeeds in executing a lay in.

Warriors Score Easy Win over EHS Tigers

The Warriors scored an easy victory Friday night at Edwardsville. Granite City Coach Don Deterding began second half play with substitutions before halftime and his team's victory gap was 55-45.

Dave Melzer broke open the scoring with a field goal and Granite City led throughout the game's final minutes to bolster the dwindling lead.

4-3 Cougars on Road After Losing Title Tilt at McKendree

The 4-3 SIU-SU cagers will play tonight at the University of Illinois Chicago Circle.

Pending the Jan. 5 activation of John Summers of Madison and Rich Schoelmann, the Cougars are relying on Capt. Bernie Pitts of Alton, averaging 19 points a game; Rich Essington of Venice, marksman and floor general; big Ron Critch, rebounder who is averaging 15 points a game; and Jack McDole, Dennis Carroll, Fred Wilke and John Bell.

Only 2-5 at a similar point last season, which ended with a 7-10 mark, SIU-SU reached the finals of the McKendree College tournament but lost to the host five 96-68 Thursday night at Lebanon, Harris Teachers of St. Louis took third place, topping Northwestern Illinois 94-82 the same night.

Behind 46-31 at the half, the Cougars revamped their defense and moved to within 66-64 with five minutes to go. Carroll tallied 19, Critch 16 and Pitt 12.

Underclassmen's Cage Competition

Varsity football Coach Wayne Williams this time of year is off the gridiron and on the hardwood directing the Granite City junior-varsity quartet. He comments about the young Warriors, "We're pretty good. We had better be. This is next year's varsity, since all of this year's starters are seniors."

Williams creates the team with more than average skill and this was confirmed by a 4-1 record in the first five starts. In the only loss, the team showed a respectability by reorganizing after trailing 19-2 in the early minutes and narrowing the losing final score to 20-19 against Belleville West.

Coach Williams says, "The team is generally balanced—not in a particular game, but overall it works out even. For example, Mike DeRunz scored 19 points in one game and then in the next game he scored two. So far, the big scoring has been split among DeRunz, John Roland and Joe Wallace."

Standings: Coolidge 5-0, Webster of Collinsville 4-1, North of Collinsville 3-2; Grigsby, Roxana and Prather, 1-4.

Grigsby improved its normal 20% accuracy from the first game to nearly surprise North Thursday with a third quarter tie of 30-30 before bowing 41-39. Neither team led by more than a basket in the final period and, as Gator Coach Jack Parker explains, "They happen to be ahead when the buzzer went off." Grigsby hit 7 of 16 free shots.

Simpson Still Has the Knack, LSU Fans Report

Louisiana State University has been the basketball attractions this season, Pete Maravich in variety games and Gary Simpson, freshman guard from Granite City, in preliminary contests.

The 61 warrior-turned-Tiger is impressing at Baton Rouge both as a playmaker and scorer. He hit 11 of 21 field shots and totaled 24 points in his debut, a 115-65 loss to the varsity. He next hit 14 of 27 shots and nine of 11 free throws for 37 points and recorded 10 assists in a narrow loss to an independent team.

"We feel that Gary is an excellent prospect in the South-

GARY SIMPSON in action for the Louisiana State U. freshman five.

Rebound Goals Doom Devils at New Athens

Venice was menaced near the boards after the opening period by the New Athens' high scoring Tom Ford and the Red Devils lost 76-61 at the New Athens gym Friday.

After the Devils' 15-13 first quarter lead, the tables turned, Coach Bill Ohiendford reports, "We played about as terribly as we could, we made a lot of mistakes. They started feeding the ball inside and we couldn't

hold them when Ford started connecting."

At intermission, New Athens was in front 34-28. After the third period, it had increased the margin to 53-38.

Ford was the game's high point man with 29.

Red Devils worked the hoop for Fessor Gray 16, Andre Johnson 14, Cedric Gardner 13, Robert Coleman 8, Doug Johnson 6, Harold Gontembar 4.

Church Games Tuesday
Granite City park district Church League basketball games scheduled for tonight have been postponed. Tonight's Church League state will be played Tuesday at Prather, with the same starting times.

Right-of-Way Charge
Gilbert L. Walker, 2033 Park avenue, was ticketed on a right-of-way violation Thursday at 20th and State streets.

Bright Christmas

Louis Pashoff, a Granite City businessman, is a tremendous help to the 89-year-old widow, The volume of laundry which she contends with each day would stagger the average young mother.

Plenty of Laundry
The continuous stream of laundry to keep up with twin toddlers, Dawn and Diane, 2½ years, Inez Faye, 14 months, Timmy Lee, four and Sherrie Lynn, five, was further-lightened Friday when a Lemay, Mo. woman called the family and offered an automatic washing machine.

The Missouri resident had seen the Welty children at their grandmother on the Charlotte Peters television show Wednesday. She also gave the children four bicycles, a playpen, a baby-walker and toys.

Mrs. Faye, the twin girls, Timothy Lee, Sherry Lynn, Alan, ten; Millie, 11; Connie, 13, and Mrs. Groathouse, who was Bob, 18, who is working in St. Louis, and Glenda, 15.

The family was escorted to the St. Louis television studio by three friends of Mrs. Lynn's from Granite City, Mrs. Martine Bolling, Mrs. Arlene Tacklock and Mrs. Theresa Naylor. Also in the party were Truman Hufford, who is associated with the Chaplains singing group which gave a benefit for the family, and Troy Glasgow, a local resident who assisted Mrs. Lynn's friends in establishing the Welty Children's Fund at Granite City Trust & Savings Bank.

7 Duzen Eggs a Week
Mrs. Bolling also reported that Glasgow provides the family between seven and eight dozen eggs each week without cost.

Others deeply touched by the children's tragic loss of both parents and the immediate hardships which face Mrs. Lynn whose husband died in June have responded with warm kindness and generosity which amazes the quiet syokon Madison woman.

Typical examples of the finer qualities in strangers displayed in the response to the family's plight were cited by Mrs. Lynn and her friends.

A young St. Louis couple whose knowledge of the Quad-Cities was limited to the whereabouts of the Washington when her life changed so drastically and the Thursday to be met by Mrs. Bolling, who escorted them to the Lynn home.

Mr. and Mrs. Robert Whitney unadvised their car at the Madison dwelling with presents for each child and numerous household items which they received at their recent wedding. Many of the gifts were duplicates of others the couple had received and still were wrapped in paper decorated with the bridal motif, including wedding bells, Mrs. Bolling said.

During the television show, it was mentioned that Mrs. Lynn's gas stove was badly in need of repairs. A few hours later, Mrs. Kathy Harbinger, playing with secretary to Miss Peters, called and offered a gas cook stove. Other gifts continued to be donated to the family Friday, Mrs. Bolling said.

A Mrs. Pat Holland of St. added.

Mank Suspended from GC Police Department

Patrolman Louis Mank has been suspended from the Granite City Police department by Police Chief Ronald Veizer, after an on hearing will be held at 8 a.m. Saturday at the city hall by the Board of Fire and Police Commissioners.

Chief Veizer filed 13 charges against Mank, several of which involved working at private employment during periods which conflicted with his city job and failure to keep full reports while on a desk assignment.

A procedural hearing was held last Saturday at the city hall. Efforts to reach Mank for comment were unsuccessful.

Louis telephoned to say — "bring a station wagon over to my home. I will fill it with toys, shoes and clothing items that my own family can no longer use."

A double bed with mattress, a playpen, stroller and set of bunk beds were offered by a Mrs. Wagner of St. Louis, while a Mrs. Draude, also of St. Louis, called to donate the family a wringer-style washing machine.

Feeding a family of 11 is no easy matter and a 200-pound gift of meat, donated by Mrs. Gary Rasmussen of Webster Groves, who had watched the show, will be especially useful.

Mrs. Goodfellow gave the children twin beds and a mattress and a crib, and another Missouri resident sent bicycles and toys were available at her home for the Welty youngsters, plus a new present for each child.

Arthur Roseman and Jack Jachino, co-chairmen of the Granite City-Twilight Optimist Club's Christmas tree sale, arrived Thursday afternoon with a seven-foot Christmas tree. The previous evening, members of Calvary Baptist Church assembled gifts and brought Yule presents for each child.

Early in the morning, it was determined to avoid separating the children, if at all possible, and her friends in Granite City and Madison, plus others in the two-state metropolitan area are aiding her as best they can.

As the Christmas season nears, Mrs. Lynn whose husband died in June has responded with warm kindness and generosity which amazes the quiet syokon Madison woman.

State Plans Hearings on New Pollution Alert Plan

Public hearings on a new pollution alert plan that would aid in coping with smog crises are scheduled Jan. 15 at 9:30 a.m. in the Student Center of Southern Illinois University-Southwestern campus, it was announced Friday.

New regulations that would provide for mandatory curtailment and possible shutdown of industries during periods of atmospheric stagnation would supplant the present Illinois plan under which reduction of industrial activity now is voluntary. The new rules have been proposed by the Illinois Air Pollution Control Board.

Both plans involve a series of air pollution stages or levels at which remedial measures

are effected to reduce pollutant emissions to ease smog buildups. Major differences between the present plan and the new regulations is that more drastic measures are called for under the new plan at lower levels of pollution.

In an "air pollution emergency," for example, all nonessential businesses, schools and offices would be closed, power plants would be required to cut back production or, in some cases, shut down, and nonessential auto traffic would be banned.

If adopted, the plan will require all Illinois industries to file with the Illinois Pollution Control Board proposed emergency cutback plans.

Group Formed to Underwrite Mississippi River Festival

Incorporation papers have been drawn for a new non-profit Illinois group to be known as Mississippi River Festival, Inc., which hopes to sponsor a 1970 festival on the Southern Illinois University-Southwestern campus.

The decision to form a new sponsoring group was made Thursday night by key persons involved in the 1969 festival. Among them are John L. Gilles, senior vice-president of Monsanto and president of the 1969 festival; John S. Rendleman, Southwestern campus chancellor; and Stanley J. Goodman, president of May Co. and the St. Louis Symphony Society.

Incorporation papers are expected to be filed in Springfield early this week, backers of the new group said. No decision has been made on possible signers of the charter application.

Among the backers is Dr. Albert Tritani, local dentist, who is undertaking a local fund-raising program.

The 1969 Mississippi River Festival was a joint venture of Southern Illinois University and the St. Louis Symphony Society. Almost 100,000 people attended six weeks of symphonic and rock, pop and folk concerts which were artistically successful, but money loser at the boxoffice. The University lost \$150,000 and the St. Louis Symphony lost \$50,000.

Because of last year's losses and an anticipated \$136,000 deficit this year, the St. Louis board of Trustees on Dec. 13 declined to underwrite any 1970 deficit.

The new non-profit corporation will launch a campaign for sustaining funds throughout the two-state metropolitan area, its backers have indicated.

Lewis & Clark Park Plans Still Far Off

A state news release last week which credited Illinois Conservation Director William Rutherford with saying that he hoped to complete a \$1 million development program at Lewis and Clark park within five years was considerably in error, particularly since such development "will not occur in my lifetime," Rutherford asserted.

The challenged news release was distributed out of Gov. Ogilvie's office after the governor had formally accepted a tract of 168 acres of land turned over to the state by the U.S. Army Corps of Engineers. It quoted Rutherford as saying that improvements proposed for the park would include parking areas, access roads, camp grounds, picnic sites and a state museum.

"Someone in my department gave the wrong information," Rutherford said. He explained that apparently some employee

had looked at the department's estimates of \$1 million to do the job at the park and gave out that figure for the governor's news release.

"The project is not high on our priority list and its not going to happen in my lifetime," he said, adding that "I can honestly say that I never expect it to be done."

Charles Howland, 26, no address listed, was issued four arrest tickets Friday afternoon on charges of illegal transportation of liquor, disobeying a traffic signal at Johnson and Nameoki roads, operating a motor vehicle without valid registration and while his operator's license was revoked.

Rolling Auto Strikes

Parked Car, Two Fences
An auto and two fences were damaged when an auto of Barbara A. Kimbrell, 3005 Dale avenue, who was cleaning the outside windshield, rolled back wards from her driveway with the engine running at 8:15 a.m. Friday.

A girl, two, who was in the car, had placed the gear shift in reverse. It struck the right side of the parked auto of Elmer E. Oburn, 3005 Dale, then hit his fence and a fence at the neighboring home of Roy Bokar, 3004 Dale.

Hit-Run Accident

The left rear fender of an auto driven by Doris F. Edwards, 3112 Colgate place, was struck by a hit-and-run driver while it was parked Thursday on the lot at the main post office. A witness said a woman driving an auto with a license plate from the state of Washington left the scene of mishap.

Yule Lights Taken

Two thefts of Christmas decoration lights from yards were reported to police Friday. Donald Teaney, 3139 Colgate avenue, said two red floodlights were stolen from his yard, and Ronald Hillicki, 3233 Princeton avenue, said 22 lights were stolen from his display.

Street Sign Downed

An auto driven by Charles H. Marcus, 2417 Adams street ran over a curb and knocked a street sign down about 10 p.m. Thursday at West 20th street and Dewey avenue. The concrete curb was chipped. He said his windshield was frosted.

Begin Job of Cleaning Tunnels Under Levee

The long-delayed job of cleaning and repairing four water intake tunnels of the East St. Louis & Interurban Water Co. which are said to endanger the main riverfront levee at East St. Louis was begun last week under a contract let by the East Side Levee and Sanitary district.

Although the tunnels are owned by the water company, the levee district is responsible for maintenance of the levee where they are located. The levee district has been under orders of the U. S. Army Corps of Engineers for the past three years to clean out the tunnels and then strengthen them where weakness is indicated, but the district has been unable to carry out the work because of lack of funds.

About two and a half years ago the levee district and the water company entered into a contract in which the water company agreed to share cost of the project up to a maximum of \$100,000. It now appears, however that this amount will be insufficient and levee district trustees expect to renegotiate the contract, a levee district spokesman said. Levee district workers have attempted to do some of the work, but frequently were blocked by rising river stages. Two of the tunnels cannot be entered if the river is above a stage of six feet and the other two cannot be entered if the river is above eight feet.

The district has contracted with the Paul Ames Construction Co. to do the work. Mud will be flushed out of the tunnels so they can be inspected to determine the extent of concrete repair work that is necessary. Cost of the job will depend upon what is found after the cleaning is completed.

State, County Police Raid Home, Find Loot

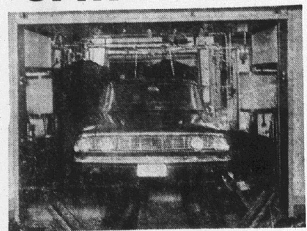

Several thousand dollars worth of stolen whiskey, beer, wine and clothing was seized by state police and Madison county deputies in a home in State Park Place last week. Two occupants were arrested. Charged with theft of more than \$150 and held at the county jail were Betty L. Gableman and Granville Hollis Butler, 35, both of 154 Bruce street. They were released on cash bail Thursday. The raid occurred after two state police detectives purchased three fifths of whiskey at \$3.50 a fifth from the couple. The house had been watched for three months by sheriff's deputies after state police received a tip from an informant. Authorities believe the whiskey had been stolen from a liquor wholesaler in Mount Vernon. The clothing included several dozen pairs of shoes. Three truck loads of loot were taken to the county jail for inventory.

County's Curriculum Unit Is Report Topic

Madison county's cooperative Curriculum Council made up of representatives from the 15 public and two parochial school districts in the county has gained such favorable reaction that state officials are encouraging other counties to establish similar groups, according to a report by the Civil Board Service of New London, Conn. In its program to keep administrators and curriculum staff members abreast of curriculum developments, the council meets each month to discuss curriculum needs, problems and trends. The council is coordinated by Wilbur Trimpe, county superintendent. Last year, members studied such matters as consumer education, industrial arts and computer courses of study in the state. The council also sponsored two workshops on family life and sex education for school board members, educators, other professionals and the press. The report points out.

Upholstery Fabric Finishes

Most consumers will agree that stain-repellent finishes for upholstery fabrics are worth the extra cost.

The majority of stain-repellent finishes are produced with fluorocarbon. For example, Scotchgard and Zepel are two well-known fluorocarbon finishes that resist hundreds of everyday staining materials. The textile finishes protect the fabric from water and oil stains. In addition, a soil-repellent ingredient has been added to protect fabrics from the principal source of soiling, ordinary dirt.

Treating the fabric with stain repellent at the mill adds about 15 cents a yard to the total cost of the material. If the job is done by a local finisher, the cost will range from \$15 to \$25 to treat enough fabric to cover a sofa.

Also available, however, is a do-it-yourself spray in an aerosol container. You can cover two dining chairs for about \$2. It is estimated that this will cost you \$15 for the amount of spray repellent needed to cover a sofa.

For most satisfactory results, producers of Scotchgard and Zepel stress the professional application, either at the mill or by a professional finisher.

You must give immediate attention to stains. Stains that are allowed to dry may leave a telltale mark. But often such stains can be removed with detergent and water or with a good dry-cleaning solvent. Soaking and harsh rubbing should be avoided.

Foam detergents left to dry on the fabric will cause partial loss of the effectiveness of the finish. Manufacturers recommend that the cleaned area be wiped with a cloth dampened with water or a household solvent.

Remember that spot removing and cleaning results may vary, depending on a number of factors, such as fabric content, individual care and use.

Lock Up Household And Garden Chemicals

Take some precautions when storing unused household and garden chemicals for the winter.

It's most important to store chemicals out of the reach of children, pets and irresponsible people. If possible, lock the chemicals in a storage room or in a cabinet in your garage. Store chemicals from other similar containers so you don't mistake one container for another.

SIU-SW Campus Autonomy Object of Study Demand

A request that the Illinois State Board of Higher Education undertake an immediate study into the possibility of separating the two campuses of Southern Illinois University hopefully will lead to ways and means of accomplishing two distinct and individual, autonomous campuses, along with development of legislation to effect the division. State Sen. Merrill Otwein (R-Edwardsville) told the Press-Record today.

Otwein requested the higher board initiate the study in a letter sent last week to Dr. James B. Holderman, executive director of the board at Chicago. Noting that "it has been a commonly held assumption that the two campuses would eventually be separated," Otwein also pointed out that "recent events have contributed to the opinion that it should be soon."

This attitude, the senator commented, "has been growing especially here in the immediate vicinity of the Edwardsville (Southwestern) campus."

Special Interest Apparent

Otwein told the board that only one member of the SIU board of trustees is a resident of this area and that "many have a strong attitude about this representation, or the lack of it, feeling that some decisions of the board of trustees have apparently been made not in response to objective judgment, but with a view to regional pie-cutting and/or special interests."

The senator said in the letter: "Increasingly, the roles of the two campuses are diverging. They serve areas quite apart and different, and the functions in the communities, in response to felt needs, are becoming distinctly different."

Other. Keeping herbicides on one shelf and pesticide on another helps distinguish between them.

You should check these points also:

Always store chemicals in their original container. Children are apt to drink chemicals from soft drink bottles, honey jars or other containers they recognize.

Seal all open bags and containers, tighten caps on bottles and cans, and dispose of liquid containers.

Be certain you can read the label. If the label is gone, dispose of the chemicals. Store liquid chemicals where they can't freeze. Some chemicals crystallize or "salt out" when they freeze, and the containers may break.

If you're storing chemicals in the basement to keep them from freezing, be especially careful. If a container breaks or leaks, the chemical may vaporize and spread fumes throughout the house. Breathing the fumes can be harmful, and the fumes may injure household pets.

"The Edwardsville campus is lower an awkward stepchild, but a distinctly individual, full-fledged university with an unusual opportunity to serve the community. If it is to have, and will have growing pains of all kinds. But it must be free to respond and to serve, not being bound by the provincialism, the self-interest and even the jealousies of regions apart."

In addition Otwein told the higher board that "administrative readiness would seem to demand separation."

Otwein said he had not discussed the separation proposal with the administration and that he knows nothing of the administration officials' attitude.

Citizens Feel Strongly

"The stimulus for this request comes from area citizens who feel strongly about the purpose of higher education and about the opportunity and obligation of the university to serve," the senator remarked.

While the suggestion of separation of the two campuses is not new, Otwein said, he believed that "the golf course was the Festival incident was sort of the 'straw that broke the camel's back.'"

This was in reference to recent action by the SIU board of trustees in which the board refused to approve further support of the Mississippi River Festival at the Southwestern Campus, but at the same time approved a \$50 per acre plan to build a golf course at the Carbondale campus.

"Some of the decisions made by the board of trustees in the past also need to be rethought, but these are subject to further and later discussion," he said.

"We will need broad support for this attitude before it is indeed accomplished," said he in a letter to the board.

Plates on Most Govt. Cars Expire Dec. 31

License plates for vehicles owned by governmental agencies other than the federal government are issued for the calendar year and will expire Dec. 31. The same as plates for individual passenger cars, Secretary of State Paul Powell warned.

Powell said he was issuing the reminder because there appears to be a mistaken impression that these vehicles are now licensed on a fiscal year basis, the same as trucks and other second division vehicles. He said the volume of applications received so far for these vehicles is considerably below what it should be at this time.

The vehicles involved are those currently bearing "M" plates, governmental vehicles other than state or federal; "U" plates, state-owned vehicles; "BM" plates, local buses; "FBM" plates, farm trucks; and "FT" plates for farm trailers.

They must all be registered for the 1970 calendar year, Powell said.

\$50,000 Grant to SIU-SW For Urban Study Programs

A \$50,000 grant to Southern Illinois University—Southwestern campus for fellowships for SIU's new Advance Graduate Programs in Urban Studies was announced today by George Romney, secretary of Housing and Urban Development at Washington, and a Chancellor John S. Rendleman, SIU-SW.

The grant will provide fellowships for state and local public agency employees enrolled in the program.

"Southern Illinois University at Edwardsville (Southwestern campus) is one of the first universities to respond imaginatively to the graduate level of national and jurisdictional manpower training requirements, and it is a pleasure for me to endorse the university's Advance Graduate Programs in Urban studies and authorize its offering as a component of HUD's National Urban Studies program, Romney said.

The grant to SIU-SW is awarded in collaboration with the Illinois State Board of Higher Education and is a Title VIII contract to the university. Funds allocated in this contract are to be used by SIU to provide fellowships for eligible employees of state and local public agencies and private nonprofit organizations.

Selected employees will be able to study the latest community development, concepts and systems concentrating their study in such developing urban fields as urban public administration, urban and regional economic development, urban sociology and others.

Rendleman said that in keeping with the university's philosophy of responding to what needs be demonstrated as dramatic needs for service to urban areas and in an attempt to provide innovative approaches to educational requirements of such cities as "we at SIU look forward to the challenges and opportunities which such a significant adventure affords."

Protect Stereo Tape Player from Theft

Stereo tape players and stacks of tapes are being stolen from autos at an increasing rate in the area and are causing a headache to law enforcement officials and insurance companies.

Unless the owner takes the time to mark his equipment and record the serial numbers, not only of stereos but of other appliances, chances of recovering the stolen goods are practically nil if a thief makes off with them, according to the National Auto Theft Bureau and local police.

The key to preventing the theft of tape players and other items left in a car is for motorists to keep their cars locked when leaving them unattended. Don't advertise the fact that there is a stereo player in the car by leaving tapes in plain sight on the seats or in a box on the middle of the floor where they can be seen, officials advise, as these are the indicators a thief is looking for as he "cases" a group of cars.

Many car owners fail to protect their players and tapes properly as they expect their insurance companies to pay for the loss if stolen, the bureau said.

But this type of attitude can lead only to the owner losing out as insurance companies would ultimately be forced to limit insurance coverage on that type of equipment, it was concluded.

Public aid payments in Madison county during September dropped \$45,556 to a total of \$707,796 distributed among 9819 public aid recipients, according to a report by Harold O. Swank, director of the Illinois Public Aid Department.

The September payments in Madison county showed declines in distribution of allotments for aid to dependent children, disability pensions and general assistance. Old age assistance payments were virtually unchanged.

August payments had totaled \$753,357 for 9603 recipients, the report shows.

Aid to dependent children payments during September

Old age assistance payments for September totaled \$142,425 for 1367 clients. In August, \$143,862 was paid to 1364 recipients. September payments of general assistance amounted to \$28,834 for 1350 recipients, compared to August payments of \$29,638 for 1443 patrons.

Blind assistance payments in September amounted to \$2980 for 36 persons, compared to \$3300 paid out in August to 37 recipients.

A. O. Smith Corp. Earnings for '69 To Show Increase

A. O. Smith Corp., will earn between \$5.35 and \$5.70 per share of common stock in 1969 for the best year in its 96-year history, L. B. Smith, chairman and chief executive officer, predicted last week at a meeting in Los Angeles.

Speaking to financial analysts, Smith said 1969 would be the fifth consecutive year of increased profits for the Milwaukee-based firm and that earnings for the year would be between 198 and 225¢, better than 1968 earnings of \$4.68 per share.

He said net earnings for the year would be between \$13,800,000 and \$14,200,000, compared to \$11,942,613 last year. The previous high of \$5.36 per share was set in 1959.

For the fourth quarter, Smith said earnings should be between \$1.28 and \$1.43 per share, compared to \$1.48 per share last year. This based on earnings of between \$3,100,000 and \$3,200,000 for the fourth quarter this year, compared to \$2,628,000 in the fourth quarter of 1968.

Smith said the fourth quarter results would be affected by a slight downturn in automotive sales and by costs associated with the discontinuation of bomb casing production at the A. O. Smith Corp. of Texas, a 50%-owned affiliate.

Sales for the year will be about \$333,000,000, compared to \$373,000,000 in 1968, Smith said. Fourth quarter sales will be about the same as last year. Smith said, approximately \$93,000,000.

Sales in 1969 are lower mainly because of the transfer of certain operations to affiliate companies. Sales of affiliates are not consolidated in A. O. Smith's statements, although earnings are reflected on an equity in earnings basis.

Slow Progress
Change is not a necessity for progress—old setups are often more successful than new setups.

55 More Boys Than Girls Born During November

A total of 341 births in Madison county during November was an increase of 50 over the number of November births last year, with all of the increase—and then some—in the birth of the boys, according to a report by Eulalia Hotz, Madison county clerk.

The vital statistics report showed that last month 198 boys were born, an increase of 57 over the 141 boys born in November 1968. The report shows births of girls totaled 143, compared to 150 during the same month a year ago.

The births last month included two sets of twins, while three sets were born in November last year.

An increase of 16 in the number of November deaths also was reported. A total of 176 deaths occurred last month, compared to 160 in November

1968, the report said. Marriages, on the other hand, declined by one. Miss Hotz reported there were 228 marriages during November, down from the 229 of November 1968.

CRITICAL OF 708 BOARD ATTITUDES, PROCEDURES

To the Editor:

Subject—Madison County Community Mental Health Board (708 Board).

The Madison County Association for Mental Health, Inc., is a group of interested taxpayers citizens primarily concerned that adequate and humane mental health treatment is available to the residents of this county with as little cost and inconvenience to the individual and his family as possible.

The Mental Health Association is supported solely by voluntary contributions.

During the past several months, the members of the Madison County Association for Mental Health, Inc., have become increasingly concerned with the confusion, conflicts, and complete lack of cooperation which surrounded the existing mental health agencies and the "708" board of directors.

The 708 Board seems to be the focal point of many existing problems.

With these concerns in mind, we would like to direct your attention to those areas which appear to us to be the main points of disagreement, disharmony and dissension.

1. The 708 Board's lack of general information regarding the mental health services being provided as well as the existing needs for mental health services in Madison county.

Whereas we do not have a board of this nature lacking the background, experience, and total information in a field as broad as mental health, we do find a question with:

(a) The refusal to seek information from available professional resources.

(b) We do find serious question concerning their refusal and hostile rejection of such information and assistance as has been offered to them.

(c) We question their refusal to accept information regarding the standards of a comprehensive mental health program as outlined by the federal government. It is possible for these communities to receive federal assistance when these standards are met.

2. The 708 Board's methods of evaluation of tax-supported agencies and services: (The Granite City Clinic and its executive director, Mr. Jerry Staton.)

We do not question the 708 Board's responsibility to the taxpayers in Madison county to question what they feel are irregularities in administration and/or lack of quality of services in one or more tax-supported agencies.

In the present case in question, being Mr. Staton and the Granite City Clinic, we do question:

(a) The 708 Board's refusal to utilize available resources to evaluate an agency or its director on the merit of programs and services being provided to the state.

(b) The 708 Board's refusal to utilize available resources to evaluate the agencies throughout the state.

(c) The 708 Board making accusations which appear obscure and ambiguous.

(d) The 708 Board issuing ultimatums without any real attempt to resolve the issue, or to consider any sensible alternative action.

(e) And most important, the 708 Board's complete disregard of the effects of their possible action in closing the Granite City Clinic, upon those individuals presently receiving services and those in need of mental health service.

3. The 708 Board's review of new program applications: We would expect the 708 Board to take a hard critical look at all new program requests.

We also would expect the Board to base their decisions

of these requests on the following:

(a) An understanding of the present services being provided and existing needs for services in Madison County.

(b) An understanding of how any new program would meet the total needs of mental health services for Madison county.

(c) Recommendations and consultation from available professional resources.

(d) Intelligent, rational, and comprehensive evaluations of new program applications on their merits.

With the understanding that it takes time and effort on everyone's part to bring about the change, we would like to offer for consideration the following:

(1) That the Board of Supervisors assure the taxpayers of Madison county that services of the existing mental health agencies (Granite City Clinic in particular) will not be interrupted.

(2) That the Board of Supervisors encourage the 708 Board, the executive director of the Granite City Clinic and his board of directors, to depart from the Mental Health Association representative from the Board of Supervisors and other interested parties to continue their efforts and decisions in order to best resolve this problem.

(3) That the Board of Supervisors utilize the existing professional resource people on a consultative basis in the area of mental health services.

(4) That the 708 Board be encouraged to appoint a professional advisory board to assist in the future.

(5) Future appointees to the 708 Board be considered on the basis of individual merit, qualifications and interest.

CITIZENS SHOULD ACT AGAINST AIR POLLUTION

To the Editor:

After reading your writup in your paper of Dec. 15 in regard to air pollution in this area, I am glad to know that we have someone to tell the facts about the conditions that prevail in this city.

I bought property here in February this year and moved here in March, not knowing the conditions, as you can tell me. If I had known, I would never have bought property here.

I am very happy to state that I endorse 100% the statements by the women's group and the United Steelworkers of America in regard to this problem.

I am sure that there is not another place in the state of Illinois where the wind is from south, the air is so full of dust and dirt that you have to wear the headlights on your car.

No one can dispute it who lives in this area that you can smell it and taste it in the atmosphere.

I recently cleaned the guttering of my house and there was about a half-inch of silt in the bottom of the trough.

If you doubt this, I will get a sample of it and let you have it analyzed to prove this comes from an old furnace from smelters and from other sources.

It is worse at night.

If the citizens of this area will get behind people like those who testified at the hearing and the citizens' committee for better and cleaner air, I'm sure we can get some action. And it will have a far-reaching effect on the conditions we now have.

I ask that all give this their sincere consideration and get behind this movement.

50 YEARS AGO

DECEMBER 22, 1919

The days of Horseshoe Lake as a fishing and summer resort are past. Two years ago, when State's Attorney Streuber "put the lid" on the county resorts and established a ban on Sunday dancing, Horseshoe Lake received a blow from which the resorts along its shores never recovered.

Then along came national prohibition during the wartime act, and John Barleycorn had to leave the lake bars as well as other places over the country. Now comes the last and final blow to the oldtime glory of Horseshoe Lake and street car company is to tear up the car tracks east from the L & M railroad tracks to the lake, a distance of about a mile.

Traffic on the Horseshoe Lake line has ceased to be a revenue producer for some time. For the past two months, the cars have not been operated beyond the L & M tracks.

A petition of the company seeking authority for removal of that portion of the car line was approved by the Illinois Public Utilities Commission, permitting the tracks to be removed and to be laid as a spur leading to the site of the new coke plant.

W. N. Baltz, supervisor of the census for the 14th District of Illinois, of which Madison county is a part, has named as enumerators for Granite City, Madison and Venice Mrs. Esther L. Moore, E. W. McCluskey, Mrs. Jeanie C. Jones, Mrs. Mary Grothjahn, W. H. Francis, L. A. Coffelt, C. M. Ritchie, Francis M. Thomas, Mrs. Abbie McGee, Rev. Daniel Breeze, W. W. Lehn, C. W. Phayrer and Otis W. Peables. The enumeration will start Jan. 2, 1920.

Soldier Thanks Parents In Christmas Letter

"I have never told my parents how much I appreciate what they've done for me, and I would like to give them a different gift for Christmas. So will you please print the enclosed letter in the newspaper and I will pay the cost, no matter what it is," Army Specialist Four Gary W. Barron wrote the Press-Record recently.

The local serviceman, on duty with C Troop, Fourth Cavalry, 25th Infantry Division in Vietnam, is a son of Mr. and Mrs. Melvin P. Penberthy, 2220 Forest avenue and husband of the former Nancy Allen of Granite City.

The letter, expressing gratitude to his parents by Sp4 Barron is being published without charge.

It reads:

"Hi Mom and Dad:

"It's me again, you know that son of yours that never writes, but who is always thinking of you. When was the last time I told you that you two are the best parents a man could ever ask for? Quite a while, I know.

"You're Always There"

"Well, you are the best, to me anyway. I have done a lot of stupid things in my life, enough to make anybody else give up. But you two were always there if I needed you.

"Dad, you came along and married a woman with two spoiled sons. But you took them in and tried your best to raise them as your own. As far as I am concerned you did a darn good job.

"When I see guys get killed, I think to myself—well it's over for him. But what of his parents.

"Just think of all the agonies and pain they went through for all those years and now it's all gone. Maybe the guy has it all. Maybe she hasn't the deepest love that a mother and father have.

"His wife wasn't there when he got his first bike, she wasn't there when that bike needed fixing. . . good old Dad did it. She wasn't there when he fell off that bike and hurt his leg. . . good old Mom made it get better.

Trying to Help

"But then I think, there is one consolation for that guy's folks. He died trying to help somebody who needed him. He wasn't shot down in the street trying to steal a car; he wasn't killed in a demonstration over something stupid and petty.

"He didn't die because he took too much pot or LSD. No, he died trying to bring peace to a place that hasn't seen any peace in one hell of a long time.

thing more that you two wonderful parents should know. There are no two other people in the world quite like you and I love you more than I could ever tell you in a letter.

Your loving son,

P.S. Merry Christmas Mom and Dad!

Sp/4 Barron, 20, volunteered for Army duty on Jan. 23, 1968, while in his senior year at Granite City high school. Initially, he was stationed in Germany with an artillery unit, but volunteered to serve in Vietnam and transferred to the Fourth Cavalry last February.

The soldier is based about 35 miles northwest of Saigon, near the Cambodian border, where action between U. S. Forces and Viet Cong infiltrators occurs daily.

Earlier this year, he sustained a severe head cut, requiring many sutures and a two-week confinement at base camp, when he struck the sharp

edge of a metal bunker roof as his unit came under enemy attack and the troops dove for cover.

A request from Sp/4 Barron to Mayor Partney last spring for a city flag to mount on his Armored Personnel Carrier, as other GIs in Vietnam frequently display, instigated a recent contest in local schools to design Granite City's first municipal flag.

The project referred by the mayor to the Tri-Cities Chamber of Commerce spread to Madison and Venice and culminated in city flags for all three local communities.

Sp/4 Barron's address appears in today's "Yule Mail Call" list.

Final Listing of Season Today for Yule Mail Call

Granite City brothers serving in the Philippine Islands and Vietnam are included in the final "Yule Mail Call" listing of Quadrant servicemen to be published this year.

The pre-Christmas service, sponsored for the fourth consecutive year by the Press-Record, ends today with publication of the 22nd list of names and addresses.

Members of the Armed Forces stationed overseas and at home, whose addresses have been published since the project started Oct. 8, total 445.

Aviation Electrician Mate 3/c James H. Caudron Jr., 21, departed last week for the Philippines, where he will join Helicopter Rescue Squadron-7 at Cebu, a U. S. Naval Air Station.

The Navy aviator is a son of Mr. and Mrs. James S. Caudron, 2839 Palmer avenue, and husband of the former Clarissa Garrett of Virginia Beach, Va. The serviceman and his wife have a three-month-old son, Thomas.

AE-3 Caudron spent 14 days leave at home prior to leaving for Cebu. He graduated in 1967 from Granite City high school and joined the Navy in September of the same year.

A younger Caudron son, Marine Lance Corporal John Caudron, 19, is serving with the Fifth Marine Regiment in Vietnam where he arrived June 2. He enlisted in the Marine Corps in September 1968, just four months after graduating from the local high school.

The Caudron's daughter, Sandra, a former member of the Women's Marine Corps, now resides with her husband, Kenneth Wingo, in Oxford, Mich., the parents reported.
